

Volunteer. Contribute. Influence.

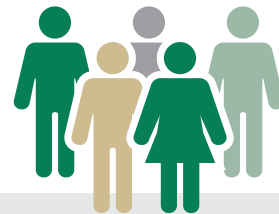

What are Standards? A Standard is a common language that promotes the flow of goods between Buyer and Seller and protects the general welfare.*
TAPPI Standards are critical to the pulp, paper, tissue, package and converting industry.

TAPPI Standards Test Methods are testing procedures used in the measurement, evaluation, and description of products including raw materials used in their manufacture, use or in scientific investigations

1 SSIG is needed for each standard reviewed for amendment, republication or new standard

Standard Specific Interest Group (SSIGs) create and review Standards

10

Minimum of 10 voters per SSIG review (that's why we need you)

SSIGs represent different segments of community – producers, suppliers, educators, etc.

SSIG members can decide how long they want to be involved and how many SSIGs they want to join.

Different views and objections are considered

SSIG members review Standards and cast ballots

We're always looking for Young Professionals to get involved!

Get access to an Instant network of technically inclined and involved peers

3 Quick Steps to Get Started

1. Visit tappi.org/JoinStandards
2. Complete the short form
3. Get Started!

6 Reasons to Volunteer

1

Expand Your Knowledge

Understand what each Test Method (TM) does, how it works, and its practical use

2

Expand Your Network

Engage with great people who share your same interests.

3

Stimulate Your Mind

Create fresh ways of identifying, measuring and working with our materials.

4

Share Your Expertise

Add your knowledge to the Standard to create a better Standard.

5

Become an Industry Influencer

Grow or Establish Your Brand as a subject matter expert in our Industry.

6

Give Back and Get Back

Help our Industry continue to evolve and grow.
